AUSTRALIAN OUTBACK ADVENTURE! 4-6 yrs **pm**

What is the only country that is also a continent and an island? Australia - the mysterious land of desert and dingoes, marsupials and the most poisonous snakes and spiders known to man. Create a cave wall like the aboriginals, carve and paint an opal or jasper picture and make an animal with a pouch. Let the walk-a-bout begin.

BEAUX ARTS STUDIO 7-12 yrs **pm**

INSTRUCTOR: **Moojan Nazmi**

This camp teaches drawing, painting, elements of design, rendering and sculpture techniques as you learn about the art and architecture of the eclectic Beaux Arts period. Design and sculpt delightful miniature models of chairs, tables and replica furniture. Illustrate detailed architectural features like decorative finials and arches. Design your own ideal interior space and building while you learn about 1-point and 2-point perspective. Paint an urban street scene and design fashionable, elegant costumes. Students will learn a combination of techniques in pen and ink wash, markers, watercolour pencils and paint, pastels, clay and plasticine for both 2D and 3D projects. (This is a casually bilingual camp with informal use of conversational French, with a French-speaking assistant on hand throughout the class. Non-French speaking students are welcome and can participate without any difficulty).
