DIRECTOR'S MESSAGE

Danica Loncar,
 Director/Curator

While most of the city is winding down during the summer, it is the busiest season at Art Works Art School, with more than 60 programs scheduled throughout the months of July and August and the highest concentration of students than all other terms combined throughout the year. Our facility genuinely gets put to the test with the heaviest use of studio space and equipment during this time. Though our staff is fully engrossed in doing what we do best by offering our students the best summer art camps in the city, province and possibly the country, it is also an opportune time to consider upgrades and improvements. We have included a link <http://www.surveymonkey.com/s/TDK2PSL> that will take you to a brief but very important survey about Art Works Art School. We ask that you kindly give us a few minutes of your time to complete this short survey, so that we can

continue to maintain the quality of services our school is recognized for, and also make any necessary upgrades toward improvement. We greatly value your input and look forward to your feedback.

For those of you heading out of the city this summer, don't forget to take along some art supplies to the cottage with you. This is an optimal opportunity to try your hand at landscape painting in the comfort of your own relaxing environment. Watercolour paints are ideal for quick outdoor use and travel well. The best surface is a watercolour paper block rather than loose sheets

of paper. Pressed watercolour paint tablets are easy to use for both adults and children, and far more convenient to pack than tubes. Another excellent alternative to both tablets and tubes are watercolour pencils that come in a set with a brush. Including a concise and easy to use instructional booklet along with your paints for quick technical references, may also come in handy particularly for colour mixing and experimentation with different methods of paint application. Please feel free to contact us if you need more information on art supplies, books or simply want some extra guidance making your selection and purchases.

Have a happy and enjoyable summer. We look forward to seeing you this fall.

Transmission Art Show

May 4-25, 2012.

Corrie Burrows set up a wonderful interactive art exhibition in May. The photo response show has over 200 submissions from all age groups in our school as well as quite a few outside submissions. Below are some photos of the artists enjoying the opening night.

Mike with his Kinder Kids Friday 4-6pm class

Donations

Art Works has this wonderful Karmic connection between needing something and getting what we need when we need it. This has happened on more than one occasion. Just recently we were reviewing how many children we would be having in the 3-6 year age group for camps. We realized we needed 16 more aprons for that size of student. The day after this need was realized by Administrator Jessica Albert of Grimm Sport Collection came in with 16 beautifully silk screened almost perfect aprons that were exactly what we were looking for! Jessica was a co-op student with us in 2010-11 who now works in a clothing company. She knew we used aprons and these aprons were perfect for our use. We genuinely appreciate this extraordinary gift!

Thank you Jessica Albert and Grimm Sport Collection!

Teacher News

Lauren Renzetti, one of our instructors and Assistant Director, has been busy this past spring and summer. She is the artist in residence at a family camp north of Toronto. Here are some links to articles regarding art Lauren has written for their newsletter that might interest you.
